WELCOME BACK TO THE ALBURY MUSIC FESTIVAL 2023!

Welcome to the Albury Music Festival! We have grown from a small gathering of musicians and music lovers in a field to a full-on music festival that attracts some amazing musicians and raises money for local charities.

Our fantastic bands and solo acts kindly waive their fee to play at Albury Music Festival so that more money is raised for charity, and a whole whoop of volunteers give up their time to ensure the day runs smoothly. We thank you in anticipation of your support and donations today.

Our main objectives remain the same...

To provide a safe and enjoyable day out for the local community

To raise money for our chosen charities and local good causes

To invite along talented local musicians, and to ensure they have fun too

To encourage you - the audience - to clap, cheer, sing and dance!

In this, our 13th year, The Albury Music Festival remains a **FREE** festival for the community. We raise money from the Bar, BBQ, Raffle and donations given by you, our audience. Please buy a beer and a burger; have a go on the raffle and throw some coins & notes into the charity donation buckets in appreciation of over 6 hours of fun and entertainment. If you haven't got any cash we also have some card machines that can take donations.

In 2023 your donations will be given to The Brain Tumour Charity. They are committed to having the biggest possible impact, for everyone affected by a brain tumour in the UK and worldwide. As a charity, they depend entirely on voluntary donations, including gifts in Wills. Big or small, these gifts make a huge contribution towards their work. Together, they enable them to fund world-class research, to keep striving for faster diagnosis times and to offer support for people affected by brain tumours – both now and in the future.

So - let the music begin!

Thank you - and enjoy your day!

THE BANDS

COLIN GIFFIN

Colin toured with The Beatles and Rolling Stones among many others. He co-founded The End, today an iconic symbol of British psychedelia, their 1969 'INTROSPECTION' album, produced by Bill Wyman, now a collectors' item. Then publishing, A & R and record production, developing the next generation of talent. He was, indirectly, involved in the birth of music videos, having given a publishing deal to one half of Buggles, whose 'Video Killed The Radio Star' helped launch MTV. Next, TV drama, as a script editor and writer for the BBC and ITV. Now he has returned to performing, 'very low-key, but it reminds me why I first got into music.' Colin is co-writer of the Marc Bolan musical '20th Century Boy' which toured the UK nationally in 2014 and 2018.

DEMURE & KATJE MACABRE

Demure is a band of performers: they won't just bring the energy of a unique modern rock, which integrates contemporary and alternative sounds, but also will put on a highly engaging show that has been proven effective to get moving audiences with the most varied ages and tastes. Hailing from Brighton and working hard to rise in the music scene, Demure counts performances all over the UK, and the impact of the band was such to delight festival organisers to call the band in again for the following year, along with placements in music competitions such as winning the Horsham Battle of Bands, participating in the Isle of Wight New Blood Competitions and being enrolled in the Soundwaves Music Competition. On this occasion, Demure will be joined on stage by the amazing singer Katja Macabre!

THE BANDS

TIM SHEZ

Taking influences from singer songwriters, anthemic stadium bands and cinematic soundscapes, Tim delivers delicate and intimate songs which draw you in and take you along with him.

His disarmingly honest lyrics and melodies over acoustic guitars, strings and atmospheric vocal layers create a unique and often emotional sound, lingering with the listener long after the songs have ended.

Think of a mash-up between Bon Iver, U2 and Hans Zimmer and you have a good idea of what to expect.

PPL PRS United for Music licences the use of copyright music across the UK, giving businesses and organisations the legal permission they need to play the music they want. These licences ensure that music publishers, songwriters and composers are fairly rewarded with royalties so they can keep making music - and mean that we're able to support music at events like this.

THE BANDS

AQUALINE

Aqualine are a new collective from the city of Guildford creating explosive yet melancholy alternative rock. Taking broad inspiration from shoegaze, grunge, hip-hop and experimental ambience, they strive to perfect a unique blend of their favourite genres. With colourful music and honest lyrics about the modern day, they offer a youthful perspective on the mental and physical world we inhabit. The two Songwriters Benski (Vocalist) and Patric (Lead Guitar) often start with the music and melody, then in capture the feeling it provokes through the lyrics afterwards. The band have just finished releasing a handful of singles and are now on track to start releasing from their upcoming EP.

ASH BAKER

The man with a plan, ASH BAKER and I have NEWS for you! In the last 7 years I have been at home, not just because of COVID 19 but because just only 7 years ago I lost myself.

I had a break down and found that I had lost my faith and trust in peers. And started to develop my first taste of mental health.

I had to isolate myself, to realise my own dreams and to start looking out for what it was I needed myself to grow. As I came back from being on NYC FASHION WEEK runways I realised my friends hadn't moved up and on, so I had to help.

The rest is history.

And crucially, this exciting school is equally successful academically. In fact, it's statistically one of the top co-ed boarding schools in the UK.

So, if you're looking for a really exciting and rewarding change of school at 16 – don't leave it too late.

HOW YOUR DONATIONS HAVE HELPED

One of the aims of the Albury Music Festival is to raise money for local charities. Since we started twelve years ago, we have given over £57,000 to charities and local causes. Every year we have one main charity and here some of them tell us how the Festival's donations have helped them.

Lifetrain Trust - Dedicated to helping young people achieve their potential through non-formal education, Lifetrain Trust gets involved at a local level with those who, through no fault of their own, are at significant risk of failing academically and growing up without the skills to become successful adults and members of society. The support received from the Albury Music Festival allowed us to develop our work with young people in Guildford.
www.lifetrain.org.uk

Challengers - It was fantastic working with Albury Music Festival. The money raised went towards paying for awesome activities for disabled children and young people throughout the summer holidays. Having a short break while their child is at Challengers can be the difference between coping and not and is a lifeline to the families that use it. **www.disability-challengers.org**

Kent Surrey and Sussex Air Ambulance - As a charity we rely on donations and fundraising to enable us to pay for our helicopter, crew, medical equipment, supplies and training – everything that is needed to bring an A and E service to those who need it. People like you make it possible for us to continue this life-saving service
www.aakss.org.uk

Riding for the Disabled - The generosity of those who attended The Festival last year gave us a significant boost to our Riding High Campaign to raise money to rebuild our aged and failing stable and social block, the hub of our activity at Casi's Farm in Guildford. Our thanks to the help and support of Albury Music Festival. We are now 82% towards our goal but the fund raising continues until we are all the way there.
www.cranleighrdagroup.co.uk

Home-Start Guildford - the fantastic donation from the Albury Music Festival helped us train 22 new volunteers to support local families who are struggling in very difficult circumstances.
www.hsguildford.org.uk

Action for A-T - The funds raised at the Albury Music Festival contributed towards ongoing research at Royal Holloway where Professor Rafael Yáñez-Muñoz and his team use the latest genome editing technology, known as CRISPR, to develop strategies to permanently repair the faulty gene which causes Ataxia Telangiectasia (A-T). We are extremely grateful to the festival and everyone involved in raising these vital funds.
www.ActionforAT.org

Oakleaf Enterprise - Is a Guildford based Mental Health Charity, dedicated to transforming lives and building new futures for adults managing their mental ill-health. **www.oakleaf-enterprise.org**

Halow project - halow project was so grateful to be the Albury Music Festival's benefitting charity in 2022. It was a wonderful day and the support of the crowd was amazing. The funds raised have supported our work helping adults across Surrey with learning disabilities and autism to develop their skills and confidence towards their lives as independently and fully as possible. Thank you so much to the festival committee and all the festival-goers for helping our service users to access and make the most of opportunities to learn and to enjoy life. You can see more about our work at **www.halowproject.org.uk**. We wish you all a fantastic day in 2023!

WHY VOLUNTEERS RUN THE ALBURY MUSIC FESTIVAL

Every year the committee that runs the Albury Music Festival put a lot of time and effort into making the event successful on many levels.

We Albury folk are all fun loving and enjoy listening and dancing to the new music we present, but also we have a serious side.

The over-riding objective has been to combine ways of providing financial support to our nominated charity and to have fun along the way.

Most of all we really want all our festival goes to have a memorable day of great performers and today's players give their time freely to perform in front of our appreciative audience. The smiles and thanks and rowdy applause is the players' reward.

The festival is free to enter but we ask for your generosity throughout the day especially when our nominated charity comes through the crowd with their collection buckets. Please dig deep when donating - notes are much lighter than coins! Your donations will make a difference.

This year our nominated charity is **The Brain Tumour Charity**. The Albury Music Festival are thrilled to support this amazing charity and we would love you to support this charity too by giving generously.

www.thebraintumourcharity.org

The Albury Music Festival Committee hope you have a great day and enjoy the 13th AMF.

We are looking for volunteers to join the Albury Music Festival committee or lend a hand at the 2024 festival.
